**QUESTION NO.1:**

**Read the passage given below and answer the questions that follow:**

Although not the longest river in America, the Rio Grande is one of the most important. But, unlike other significant rivers, it is not used for shipping. In fact, oceangoing ships cannot navigate the waters. What makes the Rio Grande so important is its location. Since 1846, it has been the official border to Texas and Mexico.

Today, the river is important as a source of water for Texans and Mexicans. Most importantly, it is a symbol of cooperation between two nations. Though borders like the Rio Grande separate nations, there are also shared spaces. The Rio Grande is therefore a symbol of friendship and peace between two nations.
