

**Happy 159th Founders' Day** to all our students Parents & Staff of Girls' High School & College, Prayagraj.

The year 2020 was a very challenging year for all the people of the world. Educational Institutions were no exception. The method of learning & teaching was brought to test for both the teacher and the taught. The various extra curricular & co-curricular activities of the school were also affected, though new ways & methods of virtual program implementation were planned and organised.

The Founders' Day in Girls' High School was celebrated each year with great fervour & zeal.

However this year due to the Pandemic only A thanksgiving prayer was offered At the All Saints' Cathedral in which our six newly appointed Flag bearers, (the Head Girl the four House Captains & the Sports captain), and a few nominated staff members participated.

The staff & students wearing masks and following all the prescribed guidelines, raised thanks to the Almighty, praying for His continuous guidance & blessings on our well loved GHS.
